3. The switch has a memory function to maintain the last state of the light.

LED Dimmable bulb only

Item numbers: VOL5114, VOL5115, VOL5116, VOL5127
Fitting: E27
Wattage: Max. 100 W divided over 3 fittings.
Voltage: 220-240 V, AC; 50Hz
Plug type: European plug

Lighting advice.

We suggest using E27 fitting LED dimmable opal bulbs. To achieve the best outcome, we propose utilizing bulbs with a color temperature of 2700K. Install a 400LM bulb in the base and two 800LM bulbs in the lampshade for optimal results.
